

UNIV Advising Assignment Part II

Follow these steps for Advising Assignment Part II

You should have already made your advising appointment for Part I of the Advising Assignment. At your advising appointment, please answer the following and submit the completed form in Blackboard by the due date:

1. Give your advisor a quick overview of how you are doing in your current classes. What feedback did he/she provide?
I met A. Rene Thompson. I told her the visual art class is hard for me. But I can pass sho she didn't say anything about it. Then I told her I will transfer and she suggested some class that I need to take before I transfer.
2. What classes do you need to take next semester?
I will take English Composition 2, Calculus 2, Structured Programmign 2, U.S. History to 1865 General Chemistry 1, General Chemistry 1 Lab.
3. What questions do you have related to your major or classes with which your advisor may assist?
I told her that Structured Programming 1 is hard. And I asked her what class is easier to take? She recommended to take Discrete Structures class.
4. According to your advisor, what date can you begin registering for classes in Webster?
I could begin registering for classes on November 15th.
5. Did you receive your alternate PIN? 775234 You will need it to register for classes online. Make sure you keep it in a safe and secure location.

After your advising appointment, please answer the following:

6. Why is academic advising important for college students?
Academic advising helps students to realize their dreams and make them go to right ways.
7. What did you learn about your major or plan of study?
I realized from her that I have to take one in each science, math, English, history classes.

8. What can you do to be better prepared for future advising sessions?

I have to make an appointment with advisor earlier. I made it little bit late this term. I will make it one month earlier. Then I will register some professors' classes that I wanted to take.

9. How will this information help you succeed at AUM?

We can register classes to get good grades easier. Advisors recommended well what I should do next semester. Good grades will help me to graduate.

10. What advice would you give future freshmen about advising?

You must make an appointment with your advisor one month earlier than the date that you want to meet your advisor. Check your advisor before making an appointment.
